

.....
AGENDA and Minutes for SAFE AND ACCEPTING SCHOOLS January 28th 2019

Safe and Accepting School Team: Parent Council

Parent and Community Rep: Natalie Perez

Student Rep: Max Bolden

- Lockdowns and Firedrills (updates) Kim shared that we have done one lockdown drill. Kim also shared that the police were in good contact during the time that schools in Kingston and RDHS were sent false information and put into lockdown. One Police officer shared that it was believed that the culprit was in fact someone overseas who was “playing” with the schools. Natalie, as the Safe and Accepting Schools Rep will be joining us (as well as the student rep) to view the next Lockdown drill. This will allow her to report back to the Committee how well our students do a Lockdown Drill. The Committee was reminded that during a Hold and Secure and during a Lockdown, no one comes into the building and no one comes out of the building.
- Bully Prevention and Intervention Plan Review: The Committee Reviewed the five sections listed below on our Plan. The Plan is in full swing and can be found on our Website. Kim will also send it out to all Committee Members who were not in attendance.
 1. Definition of Bullying
 2. What the data tells us (strengths and goals)
 3. What we are doing in our classrooms and our schools
 4. How we respond to bullying at our school
 5. How we support those affected by Bullying at our school
- The Committee visited the Kindergarten room to see how they are now implementing WITS and Zones of Regulation in that room.
